ERGONOMIST

The University of North Carolina is looking for an Ergonomist to join the Health and Safety team. This candidate will develop and implement a comprehensive ergonomics program for the University of North Carolina at Chapel Hill. The program will include identifying positions that have ergonomic action triggers and other risk factors; procedures for observation of current work practices and job safety analysis; implementing policies and procedures to minimize or reduce the ergonomic hazards; provide education to optimize comfort, safety and health; facilitate university compliance with OSHA ergonomic requirements; and assess the quality and success of the University's ergonomic program. The minimum requirements include a Bachelor of Science in Ergonomics, Occupational Heath and Safety, Human Factors, Occupational therapy, physical therapy or related field with significant course work in Ergonomics. This position may require some night and/or weekend work to meet customer hours of operations. Salary range $34,046 - $53,809. For an application, phone (919) 962-2991, or apply at: Employment Department, Office of Human Resources, The University of North Carolina at Chapel Hill, CB #1045, 725 Airport Road, Chapel Hill, NC 27599-1045; or applications are available on the University web site www.jobs.unc.edu (www.ais.unc.edu/hr/jobs/spa/fulltime/job12.htm for direct link). Application must include the following: position number 37490 and Department number 2371. For additional information, please contact Mary Crabtree, Workplace Safety Manager at (919) 962-5719.
